

The planetary crucifixion..., and after ?

Hello everybody,

While I had planned a completely different programme, I again felt the need of writing. Sitting down at my kitchen table I started writing down what was flowing through my head. At some point, golden sparks revealed themselves around me, and then I was writing...but they were not my own thoughts anymore...

Tears started running down, I couldn't see much anymore, but I was still writing. Here is...a present for this morning, from someone that you will most likely recognize.

This morning, I deliver a message of hope as many amongst us need it. We have just celebrated the last Easter of the last netherworld according to the Maya calendar. Easter symbolizing the crucifixion of Jesus on the cross. Yet it is practically admitted that Jesus transcended his physical death, in order to return to his body three days later. (Golden sparks)

I hear that someone tells me :

- I come to you today to let you know that you are just about to do the same.
That does not mean that you are going to get crucified, you do not have to go through this, but what you are living currently represents a similar process on the personal ground, as well as on the ground of humanity.

You are living the death of your personality, death of everything that brings you back to illusion of your material dimension. Hope is in the future, in what comes after crucifixion, after the three days.

Do not compare these three days in terrestrial timing, as they represent your own process of transition towards a new dimension of consciousness, depending on each of you all according to the guidance of your soul.

Remember, Jesus has supposedly come back amongst you all after three days. He returned with his physical body, practically healed of his wounds in order to reassure and meet again with his friends and his near relations.

He had promised it to you all... You will do the same and much more even.

- Amongst all of you reading this text, I recognize my children, my friends, my brothers and sisters from that "time". Do you know that you have been volunteers in order to give a little help towards humanity ?

You are my related fellows, you are planetary Christs, you are "the planetary Christ", you are the one all of you were waiting for. I invite you all to feel deep down in yourselves what has just been said.

The New Age community awaits the return of the planetary Christ. Do not wait for him. Jesus/Iam is within you. You are "Jesus" (In french "Jésus" sounds like "Je suis" meaning "I am").

Christ is hidden at the summit of each DNA strands, well sheltered in your cells.

Our friends of the dark light, following the example of Judas who accepted in carrying the role of the traitor, play their part to awaken in yourselves, your own light, your interior Christ.

There is no duality outside of illusion, the only watchword that I suggest to all of you is "trust". Trust in yourselves, in life.

In my time, I was initiated among others by an indian avatar. He was a humble being who lived with his companion, surrounded by a few friends. He knew the power of plants and about ayurvedic medicine. He was acquainted with his body beyond its physical appearances.

He practiced yoga and breathing methods making it possible for him to travel outside of his body during very long periods of time. Thanks to him I had been prepared for my destiny. Because I knew my destiny, as I had also learnt to visualize the possible futures of my path of life.

I admit to all of you that I had sort of cheated, as I knew very well that I could master my vital functions and transcend pain, and that I would survive from my initiation. My close relations and friends were also prepared for these events, they were in the backstages in order to help me to accomplish my destiny.

I was also helped by what I can call the transdimensional surgeons-doctors.

Thereby as some of you suspect it, I was aware of being an avatar. I knew about my stellar origins and had access to my cosmic memories with all of the technologies bringing back to them. So here also I had cheated a bit, as all of you have chosen to go even further in the human experimentation, by forgetting who you are.

I bow towards you as you have already accomplished much more than what I have.

My friends, know that you are my friends, my brothers and sisters, I am amongst you all in this end of time. I am not superior to all of you, neither a guru, nor a master, or a magician. There is no need in taking the plane to meet me.

Of what master-guru-magician are you a follower ? If it isn't of yourselves, of your interior being, you are going the wrong way.

If you prostrate yourselves in front of a master-guru-magician other than yourselves, you are going the wrong way.

If your master is an external person to yourself, you are going the wrong way.

I had told you : many will present themselves as masters, fake Christs. They will use in their language, the words love, light, joy, peace...in order to divert from yourself, from your interior Christ.

I repeat again towards you all, I am your friend, your equal.

I await from you all that you recognize your interior Christ, the Christ in yourself.

The planetary situation calls upon the planetary Christ. You are the planetary Christ.

There will be no rescue by a hypothetical planetary rescuer.

There is only your energy of non dual mind thinking, un-warlike, un-activist, creative and imprinted of love that will save your planet.

The Christ in all of you is, on a biological ground, the enzyme that your creators have integrated in your DNA.

This enzyme crowns each beginning of DNA sequence. It is this that activates your christlike capacities, and it is the power of your thoughts that triggers the mutation of your DNA.

Only your non dual thoughts have an action on your genetic.

All of your dual thoughts, of fear, of hate, of rebellion, of violence, inhibits the development of your christlike abilities. That is for this reason that the energies of planetary destruction that are in progress, aim in holding all of you in an energy of duality.

Remember that you are creators of your own universe, you are creators of everything that surrounds you, of everything that happens to you.

The radioactive fallouts do not have any impact on your bodies, from the moment that you vibrate or radiate your christlike energy.

I say it again, christlike mind-thinking is an energy of love that neutralizes all destructive energy. It is a non dual thought resting on one and only watchword if I may say : **Trust**.

Your role in this end of time is to radiate your modification, your equilibrium in your circle, in order to reach a group modification that will allow the world to give birth to a New planet Earth of peace.

In light of the worldwide situation, this peace will overtake your comprehension and will comfort all those who feel abandoned. It will be the outcome of the sacred wedding between the feminine heart and the masculine energy.

It will come from your ability in recognizing that you are a Christ, that you are a divine being. This peace will come from your ability in recognizing and feeling emotion without any judgment, nor reaction, and to forgive no matter the surrounding chaos.

You exist as a planetary Christ, the one that the forces of destruction would like to destroy in order to rule in this old world.

No beings pretending to be Jesus, Bouddha, Maitreya, Marie or others, will come to save humanity. However, know that your brothers from other planets are also by your sides, unceasingly, in order to help the transition of your planet Earth in its new dimension of existence.

Do not let yourselves trapped by the pseudo prophecy-messages of your internet media. Have trust in your intuition.

It is up to each and everyone of you, wherever you are, to anchor on planet Earth a coherent field of energy, by your centring and your connection to your Beingness, your true nature. This is what I call emanating love.

This field of energy-coherence will allow your individual and collective ascent. It is the passage from the world of chaos-crucifixion-incoherence, towards the process of resurrection-transformation-coherence.

You are initiated persons, this means that you experiment a request from your soul, to go in an irrevocable way towards a changing of your interior being.

You are going to go from your identity of limited human being to a consciousness of being at an illimited creator potential.

So your friend tells you : the moment has come to take back your awareness of your divine power. Do not put it on again towards priests, gurus, saints, teachers, governments...

It is time to descend the Christ of the cross. It is time to go beyond crucifixion, to die to the limitation of your human form. It is time to rise from the dead to be aware of eternal life and of the original being that you are.

You my friends that are reading me, just like me, you are in this world, but you are not from this world.

I express all of my support for the times to come.

I am your brother, your friend. You are me, I am you.
